O R D E R:

In the reference 1<sup>st</sup> read above, the Engineer-in-Chief, Telugu Ganga Project, Srikalahasti, has informed that the Superintending Engineer, Irrigation Circle, Nellore, has reported that there are four (4) Major Drains, 17 Medium Drains and 106 Minor Drains under Pennar Delta drainage system in Nellore District. The Major Drains were improved to the standards during 1992-94 and the Medium & Minor Drains were improved to the standards during 1998-2000 under APHM & ECRP Programme with the World Bank Aid. Since then there is no maintenance to the drains due to lack of maintenance grant. Due to heavy rains and floods occurring every year, breaches to the drains occurred and silted up developing vegetative growth. Due to this the drains became congested and unable to discharge the flood water during floods. Due to the above obstructions, the flood water is flowing over the banks and inundating the adjacent lands, causing heavy damages to the crops. Modernisation of Pennar Delta was taken up under Jalayagnam programme from 2007 by construction of Nellore and Sangam Barrage and lining to the channels in the entire Pennar River canal system in Nellore District. The above works are programmed to be completed by 2012. This modernization of canal system will yield good results only when the Drainage System functions properly. In view of that it is very essential to restore the entire delta drainage system simultaneously. In Godavari and Krishna Deltas, enhancement of capacity of the drains was recommended by the Expert Committee. During the visit of SPSR Nellore District on 22.11.2010 , the Hon'ble Minister for Major and Medium Irrigation was appraised of the need of Modernisation of Drainage Delta System and the similar request was also made by the public representatives for consideration of all drains. Accordingly, the SE, IC, Nellore has submitted estimates for restoration of the following eight (8) No's of deltaic Drains in Nellore District, i.e. Pyderu Drain, Alluru Swamp Major Drain, Edagali Drain,

Gadicheruvu Drain, Narkellapalli Drain, Varakavipudi Drain, Kommaleru Medium Drains, Pillivagu Minor Drain.

2. In the reference 2<sup>nd</sup> read above, the Engineer-in-Chief (I), Drainage Wing, Hyderabad, has requested the Government to accord administrative approval for restoration of the above Drains for an amount of Rs.2725.15 lakhs.

3. Government after careful examination of the above proposals, hereby accord sanction for an amount of Rs. 1450.85 lakhs for the work of restoration of Drains in Pennar Delta Drainage system in Nellore District, as detailed below:

Sl.No	Name of the work	Amount Rs.in Lakhs
1	Restoration of Allur Swamp Major Drain from Km. 0.00 to Km.10.70.	Rs.232.80
2	Restoration of Pillivagu Minor Derain from Km.0.00 to Km.4.00 and later drain from Km.0.00 to Km.0.70 near Isakapalli (V) of Allur (M).	Rs.59.70
3	Restoration of Edagali Medium Drain from Km.0.00 to Km.4.00 in Venkatachalam (M).	Rs.40.47
4	Restoration of Gadicheruvu Medium Drain From Km.0.00 to km.5.90 in Venkatachalam (M).	Rs.76.80
5	Restoration of Narikella pali Medium Drain From Km.0.00 to Km 2.10 in Muthukur (M).	Rs.24.48
6	Restoration of Varakavipudi Medium Drain From Km.0.00 to Km.6.15 in T.P.Gudur (M).	Rs.62.60
7	Restoration of Kommaleru Medium Drain in Ananthasagaram & Atmakur Mandals.	Rs.954.00.
	<b>Total:</b>	<b>Rs.1450.85</b>

4. The expenditure sanctioned in para(3) above, shall be debited to the Head of Account “4711- 03 Drainage –MH.103 C.W. – GH.11 – SH (08) Penna Delta Area – 530/531 OE & 532 Lands”

5. The Engineer-in-Chief (I), Drainage Wing, Hyderabad, shall take necessary action, accordingly.

6. This order issues with the concurrence of Fin.(Exp.PW) Deptt.vide their U.O.No 19379/722/A1/Expr.PW/12, dated.21.07.2012.
